PUBLIC REPORT

—OF A—

POLICEMAN.

I have not enjoyed good health for several years past, yet have not allowed it to interfere with my labor. Every one belonging to the laboring class knows the inconvenience of being obliged to labor when the body, from debility, almost refuses to perform its daily task. I never was a believer in dosing with medicines; but having heard the VEGETINE spoken of so highly, was determined to try it, and shall never regret that determination. As a tonic (which every one needs at some time) it surpassed anything I ever heard of. It invigorates the whole system; it is a great cleanser and purifier of the blood. There are many of my acquaintances who have taken it, and all unite in praise of its satisfactory effect.

Especially among the aged class of people, it imparts to them the one thing most needful in old age—nights of calm, sweet repose, thereby strengthening the mind as well as the body. One aged lady, who has been suffering through life from scrofula, and has become blind from its effects, having tried many remedies with no favorable result, was induced by friends to try the VEGETINE. After taking a few bottles, she obtained such great relief that she expressed a wish for her sight, that she might be able to look upon the man who had sent for such a blessing.

Yours Respectfully,
O. P. H. HODGE, Police Officer, Station 6.
BOSTON, Mass., May, 9, 1871.

HEARTFELT PRAYER.

ST. PAUL, Aug. 22, 1866.

H. R. STEVENS, Esq:

Dear Sir—I should be wanting in gratitude, if I failed to acknowledge what the VEGETINE has done for me. I was attacked about eleven months since with bronchitis, which settled into consumption. I had night sweats and fever chills; was distressed for breath, and frequently spit blood; was all emaciated, very weak, and so low that my friends thought my case hopeless.

I was advised to make a trial of the VEGETINE, which, under the providence of God, has cured me. That he may bless the use of your medicine to others, as he has to me, and that his divine grace may attend you, is the heartfelt prayer of your admiring, humble servant,

BENJAMIN PETTINGILL.

P. S.—Mine is but one among the many cures your medicine has effected in this place. B. P.

MAKE IT PUBLIC.

SOUTH BOSTON, Feb. 9, 1871.

H. R. STEVENS, ESQ.

Dear Sir—I have heard from very many sources of the great success of VEGETINE in cases of Scrofula, Rheumatism, Kidney Complaint, Catarrh, and other diseases of a kindred nature. I make no hesitation in saying that I know VEGETINE to be the most reliable remedy for Catarrh and General Debility.

My wife has been troubled with Catarrh for many years, and at times very badly. She has thoroughly tried every supposed remedy that we could hear of, and with all that she has for several years been gradually growing worse, and the discharge from the head was excessive and very offensive.

She was in this condition when she commenced to take VEGETINE; I could see that she was improving on the second bottle. She continued taking the VEGETINE until she had used from twelve to fifteen bottles. I am now happy in informing you and the public (if you choose to make it public) that she is entirely cured, and VEGETINE accomplished the cure after nothing else would. Hence I feel justified in saying that VEGETINE is the most reliable remedy, and would advise all suffering humanity to try it, for I believe it to be a good, honest, vegetable medicine, and I shall not hesitate to recommend it. I am, &c., respectfully, L. C. CARELL,
Store 451 Broadway.

VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cleanses and cures ulceration, cures constipation, and regulates the bowels.

Has Entirely Cured Me.

BOSTON, October, 1870.

MR. STEVENS:

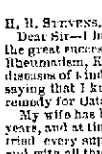

Dear Sir—My daughter, after having a severe attack of whooping cough, was left in a feeble state of health. Being advised by a friend she tried the VEGETINE, and after using a few bottles was fully restored to health.

I have been a great sufferer from Rheumatism. I have taken several bottles of the VEGETINE, for this complaint, and am happy to say it has entirely cured me. I have recommended the VEGETINE to others, with the same good results. It is a great cleanser and purifier of the blood; it is pleasant to take; and I can cheerfully recommend it.

TO PHYSICIANS AND INVALIDS.

The flexible, self-applying Electric Disks, Dr. Garratt's invention, make without care or trouble, "gentle and prolonged applications" of very fine primary currents. They prove sufficiently active and durable for this peculiar method.

While worn by night or day for cold rheumatic neuralgia, lameness, weakness, or chronic pains, the disk is sure to generate and apply its constant multipolar electric action. Each metal acts as element and pole. They are wired avalanche for deep polar inworking. As shown by the expert judges, and in practice, these disks excel all other attempts at this sort of appliance. Nothing like them.

Large disk, $2 50, Children's $1. Other sizes. Also, our new Insulating Chest Protector, 75c., Children's, 40c. Sold by druggists and surgical instrument dealers. Sent by mail on receipt of price, by GARRATT & CO., 6 Hamilton Place, Boston, Mass. j518

GENERAL NEWS.

FROM NEW YORK.

THE REPORTED DEFALCATION.

NEW YORK, Dec. 28.

It is stated on Wall street today that the alleged defalcation of Otis D. Swan, the well known broker, is much larger than $300,000, the sum first stated.

Some say it is well on toward half a million. He was seen in New York on Friday by several friends, among whom were one or two of his relatives. To these he imparted the information that he was financially embarrassed, and that he had appropriated money that he held in trust for his brother, Frederick Swan, and his sister, Mrs. Fearing, and that it would be necessary for him to quit the city. He did not return home that night and since then has not been seen or heard from by any of his relations or friends. A good deal of money was lost by him in Wall street speculations. Several years ago he failed as broker, and at that time used money belonging to his brothers. That money, though, was not held, like the money he has recently appropriated, as a fiduciary trust. Though several of the young members of Mr. Swan's and Mr. Fearing's families were aware of his action and subsequent flight, they concealed the knowledge of it from the older members of the family until Tuesday morning. Said one of the family, "We have been so stunned by the shock of the discovery that we have as yet made no investigation and hence can give no thoroughly accurate account of how long he was in taking the money or just exactly how he squandered it. His misappropriation of these funds, however, has been doubtless going on ever since his failure in 1873.

REPORTED POLITICAL AFFRAY NEAR FAYETTEVILLE, N. C.

A party of white men who were escorting a democratic negro home, near Fayetteville, N. C., last Sunday, were ambushed by negroes, when a fierce fight, with knives, on both sides, ensued. A white man, named Conady was killed and others wounded, and a number of blacks were wounded, one fatally. The blacks were finally driven off. Two of the gang have since been arrested by the sheriff.

LARGE EXPORTS.

The City of Berlin which sailed for Europe yesterday, carried as an important part of her cargo, $300,000 worth of silkworms eggs, just arrived from China and on the way to the silk growers of France and Italy.

SIX THOUSAND SMUGGLED CIGARS

concealed in India rubber bags, were seized last night from the Havana steamer Columbus, by Special Treasury Agent Brackett.

FROM WASHINGTON.

RETRENCHMENT OF THE CUSTOM HOUSES.

WASHINGTON, Dec. 28, 1876.

Great exertions are being made to prevent any reduction in the force at the Boston Custom House on Monday. The Philadelphia Custom House will fare the worst, as all the Centennial Exhibition Customs officials will be discharged, with some of the regular force.

NEW YEAR'S RECEPTIONS.

The President, Secretary Fish and other officials will receive visitors on New Year's day, but it has been determined that no intoxicating beverages are to grace the refreshment tables.

GOVERNMENT PRINTING.

Public Printer Clapp asks for an appropriation of $827,773, to enable him to execute the printing and binding for the departments for the remainder of the fiscal year, the reduced appropriations of last year being nearly exhausted.

The contract for photo-lithographing Patent Office illustrations will probably be given to Mr. Peters, who has an establishment in this city, and whose bid is the lowest, after deducting the cost of transportation from New York bid.

VICE PRESIDENT FERRY AND THE ELECTORAL VOTE.

There is some reason to believe that Vice President Ferry will not assume the responsibility of counting the electoral votes and declaring the result, unless he is especially directed so to do by a resolution of the senate. The recent course of Mr. Ferry in declining to give any receipts to electoral messengers from states where there is a contest, is regarded as confirmatory of this view, and the claim is made by many, including some republicans, that it will be impossible to secure the passage of such a resolution in the senate.

POLITICAL MURDERS.

In an interview with Gov. Chamberlain of South Carolina, a report of which has reached here, Gov. Chamberlain, referring to Wade Hampton's denials that there had been political murders in that state, says: "My own belief is that over one hundred republicans have lost their lives purely on account of their political opinions since the 1st of last July in this state, and I know that more than fifty well authenticated cases of political murder have occurred in this state.

A SHORT SESSION OF THE HOUSE.

The House, after a session of fifteen minutes, adjourned.

THE RECORD OF FIRES.

Tony Pastor's Theatre and Adjoining Buildings Damaged.

NEW YORK, Dec. 28.

Early this morning a fire broke out in Tony Pastor's theatre and as the firemen, in consequence of the slippery state of the streets, could make but little headway and there was a dense volume of smoke, rumors circulated widely that the whole theatre was destroyed. Later accounts show that the damage was principally caused by smoke and water and the performances will in all probability, be resumed in a few days.

THE LARGE AND VALUABLE PHOTOGRAPHIC GALLERY

of Messrs. Frederick & O'Neil occupying the third and fourth floors of 581 Broadway, were soon in flames, and the interior of the building and gallery, with valuable paintings, photographs, and likenesses of prominent persons were destroyed, but in consequence of the early hour and confusion, no estimates even of loss can be made. It must, however, be very large. The second floor, which was occupied by the Guest Fire and Burglar Alarm Co., was also destroyed, but the amount of damage is not yet ascertained. The loss is set down as heavy.

Fredericks' Loss Eighty Thousand Dollars.

NEW YORK, Dec. 28.

It is now stated that although Tony Pastor's Theatre was pretty well soaked by water from the contiguous fire there will be a performance tonight. An old man was rescued from the flames in Fredericks' photograph gallery by a plucky fireman after the former had fallen from suffocation. Fredericks' loss is $80,000 and his insurance $95,000. Among the insurances on the building are $2500 in the Prescott office, Boston; $8000 in the Ætna. The Atlas, of Hartford, has $1450 insurance on Fredericks' loss.

In Elmira, N. Y.—Loss, Seventy-five thousand Dollars.

ELMIRA, N. Y., Dec. 28.

The boot and shoe manufactories of D. Atwater, and Newcomb & Walker, on Railroad avenue, this city, were burned this morning. The building was owned by C. J. Langdon. Total loss, $75,000; insurance, $45,000.

A Valuable Ship on Fire at Port Royal, S. C.

PORT ROYAL, Dec. 28.

Ship Harvey Mills, lying at anchor in the bay, loaded with cotton for Liverpool, was discovered on fire between the decks this morning at 1 o'clock. Assistance was promptly rendered from the fleet. Steamship Huntsville and the water boat kept the fire down, but it was not extinguished. In attempting to get her to the wharf she grounded and all efforts of the Huntsville to get her off proved unavailing. Two men were suffocated trying to locate the fire which is still burning under the decks. The value of the ship and cargo is about half a million dollars.

have been spent in distributing, *free of charge*, sample bottles of BOSCHEE'S GERMAN SYRUP to all parts of this country, to those suffering from coughs, asthma, hemorrhages, consumption, and other throat and lung diseases, that the afflicted might satisfy themselves, that this remedy would save them from those fatal diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your druggist, James H. Taylor, and get a sample bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cents.

SCHENCK'S MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for those stubborn complaints, which develop all the results produce by a heretofore free use of calomel, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common herbs and roots of the fields.

These pills open the bowels and correct all bilious derangements without salivation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for use accompany each box of pills.

Prepared only by J. H. Schenck & Son, at their principal office, corner of Sixth and Arch streets, Philadelphia, and for sale by all druggists and dealers. Price 25 cents per box. dec14-1m

The Recount.

TALLAHASSEE, Dec. 28.

The return of the majority of the canvassing board, in answer to the writ of the supreme court was filed about 2 P. M. today. It gives the same figures that were telegraphed last night, arrives at the result by throwing out Clay county, entirely, and adopting the county judges' return in Baker. Gen. Wallace thinks the democrats ought to accept this canvass, as it gives them the state government, in which Gov. Stearns will acquiesce. He does not think they (the democrats) ought to make any

FURTHER CONTEST IN REGARD TO THE PRESIDENTIAL ELECTION.

Whether they will agree with him remains to be seen. The supreme court did not meet today. Two of the justices reside in Jacksonville, and Ex-Attorney General Williams and General Wallace went to see Justice Westcott this afternoon to get him to request the attendance of the absent justices. They most probably will consent, and the court will be held in a day or two to act on the return of the board. Attorney General Cooke filed his protest today against the action of the board in regard to Clay and Baker counties. Everything indicates a

SPEEDY SOLUTION OF DIFFICULTIES

here. The court will either accept the present return or require the two counties to be recanvassed, which will only require a few moments.

A Boston Bound Vessel Abandoned at Sea.

NEW YORK, Dec. 28.

Bark Marianna from Lisbon, arrived here last night, and brought J. F. D. Heinicken, mate, Charles Warr, the steward, and crew of schooner Trott King, of Calais, from St. Domingo for Boston, abandoned at sea Dec. 11th. Charles Warr, the mate, makes the following statement:

On Nov. 24th in a heavy gale, lost sails and sprung a leak, keeping all hands at the pumps, but could not keep the vessel free from water. December first, Captain Benjamin Bradford, aged 51 years, a native of Calais, Me., died of exhaustion. December 11th, latitude 29 deg. 39 sec. north, longitude 62 deg. 56 sec. west, sighted a bark and

THE COLLISION ON THE BOSTON, BARRE AND GARDNER RAILROAD.

WORCESTER, Mass., Dec. 28.

The coroner's jury that has been investigating the cause of the accident on the Boston, Barre and Gardner Railroad at Princeton, Wednesday, Dec. 20, returned a verdict today stating that the collision was caused by the equal negligence of Conductor Charles T. Myrick and Engineer Edgar F. Wiley, who failed to carry out the order of the road: that while the superintendent had taken the ordinary precautions, it is the opinion of the jury that

ORDERS SUSPENDING THE TIME TABLE

should be given to the engineers as well as the conductors, and consequently the lives and property of those on the train were not sufficiently guarded under the circumstances; that Conductor Myrick and Engineer Wiley were under bodily fatigue and Mr. Myrick under mental fatigue also, and that such fatigue was caused by over exertion in the performance of their duties, they having been out in the snow storms for two nights preceding the accident.

DR. SCHLIEMANN'S DISCOVERIES AT MYCENÆ.

The following is an extract from a private letter written by Dr. Schliemann, and dated Mycenæ November 27:—

"You will soon receive a more complete report; but, in the meantime, a foretaste of what is to come may be agreeable. In the same tomb of which I wrote to you in my last letter, I have just discovered what I take to be the skeleton of a woman, judging from the small teeth and the female ornaments with which the bones were covered. The two earrings are treasures in themselves. There were besides pendants of precious stones (red), hundreds of large and small leaves of gold, every one entirely covered with spiral ornaments and circles.

"When, after having dug out mountains of earth, I began to remove the stones and rubbish of the lower layer, I struck on the large gilded silver cow head with two golden horns, one large cup of gold, with a pigeon on each handle (who does not think of Nestor's cup?), three cups with only one handle, and an enormous vase of pure gold, richly ornamented. I found about two hundred gold buttons, very large, and splendidly engraved, an immense golden *telamon*, richly ornamented, which I first mistook for a bell, nine silver vases, one or more of them gilded; ten very large vessels of bronze. All this was found before hardly one-third of the tomb had been emptied. The bones which I found are like the bones of giants, of extraordinary size, and the teeth very large. There were close to them two large heaps of lances and swords of bronze. Many swords showed the remains of wooden handles, ornamented with innumerable gold pins. The handle of one sword was entirely of gold.

"There is no end of smaller objects, all of gold, which had been scattered over the richly embroidered clothes of the royal deceased. For instance, a man with a pigeon on his head, a sea-horse, a lion, a man whose physiognomy resembles the Medusa which Perseus kills on one of the bass reliefs at Selinunt, two warriors fighting, &c. Here is an epoch of art fully recovered which was hitherto hardly known except by the three friezes in the British Museum. The tomb is the tomb which the tradition of the ancients assigned to Agamemnon, King of men, to Cassandra, to Eurymedon, and their companions."

The Newport Daily News and the Newport Journal.

The Newport Daily News is published every afternoon, (Sundays excepted,) at the News building, 19 Church street, by Davis & Pitman.

The Newport Journal is published at the same office every Saturday morning, and contains a selection of the best matter in the Daily, including editorial discussions of the topics of the week, literary miscellanies, and at least one good story, the latest markets, and a complete and comprehensive summary of the news,—local and general. The Journal is a large, 32 column paper, and contains more reading matter than any other paper in the southern part of the state.

Complaints regarding the irregular or improper delivery of either paper should be sent to the office at once.

ADVERTISING RATES.

Ordinary advertisements, $1 a square, for the first insertion, and 25 cents for each continuance. Ten lines or less, in this type, make a square. Advertisements in reading matter, are charged for, at 50 per cent. extra. A discount on these rates is allowed on all advertisements ordered for one week or longer. Funeral notices 50 cents each. Yearly advertisers are limited to their immediate business and are allowed twenty five changes a year. No gratuitous advertising for any object.

SUBSCRIPTION RATES.

The Daily News, $6 per annum, or 12 cents a week, to carrier.

The Newport Journal, $2 per annum, or $1.50 if the whole year is paid for strictly in advance.

PRINTING.

THE DAY.

Tony Pastor's theatre in New York was badly damaged by fire yesterday.

It is said that George W. Childs of Philadelphia has bought a controlling interest in the New York Tribune.

General Anderson has carried the vote of Louisiana to Washington and left it—not with a bar-keeper, though.

His Honor Mayor Bedlow has suspended Officer Beaumont for improper conduct. The case will come before the board of aldermen at the next meeting when the action of the mayor will doubtless be approved.

The contracts for the manufacture of postage stamps expire shortly, and several improvements are under discussion. Among others a new kind of mucilage, and a kind of ink for printing the stamps which shall absorb the cancelling ink so that it cannot be erased.

Now they are trying to scare up a story that the expenses of the republican visitors to the South were paid from the U. S. treasury. The expenses of some of them were paid from the funds of the national committee and the others paid their own way. Start a credible story next time.

A gentleman residing on Conanicut who has been spending the winter at Charleston, S. C., and who has just returned, expresses the opinion that Wade Hampton will yet be the accepted governor of that state. He says the people will in no case submit to the rule of Chamberlain and his legislature.

The custom of giving receptions on New Year's day will be observed this year in all parts of the country. It is announced that President Grant, Secretary Fish, and other Washington officials will allow no intoxicating liquors on their tables. The country will applaud this determination on the part of our chief magistrate.

Hon. B. H. Durell, commissioner of patents, tendered his resignation yesterday. He leaves his present position to attend to the patent practice of a law firm in New York, who have asked him to join them. The name of L. L. Bond, ex-mayor of Chicago, is prominently mentioned as his successor.

There is much indignation at the way Cox has conducted the investigation in New York. After calling a large number of Tammany men to show that there were no frauds, he and the democratic members of the committee passed a resolution to close the investigation and proceed to Philadelphia, as soon as the republicans began to summon their witnesses.

Since the death of Cardinal Antonelli the public have been told some hard stories concerning his private life which it seems was far from being as good as it might be. Rumor now says that his will has excited general indignation at the Vatican, from the pope down. The cardinal did not think of anything but his family, dividing his immense fortune between his three brothers. To them is left all capital, real estate, objects of art, gold, silver and the famous gems. Not a single gift was left to the church.

PORTSMOUTH.

St. Mary's parish enjoyed a pleasant Christmas tree which spread its ample branches in one of the rooms of the house of Wanton T. Sherman. The affair proved very enjoyable throughout and will long be remembered by those who participated in it.

At the Christian Church two trees were set up which bore all manner of fruit and yielded it in its season. The attendance on the accompanying exercises was large and the addresses, music &c., were very fine, Mr. George Peckham read Maud Muller in a most artistic and agreeable manner, the whole being in his usual style which is very attractive.

The sleighing on the island is good and everybody who has the means of locomotion on runners has improved the opportunity.

NEW SHOREHAM.

The sleighing on Block Island is better than usual, but no extensive arrangements are in vogue to improve it. It is so seldom that snow lies long enough on the ground to afford good sledding that people have but little faith in runners.

Hon. Wm. P. Sheffield, who always takes an interest in the affairs of the town, has presented fifty volumes to the island library. It is a very welcome gift.

The storms have interfered somewhat with the communications with the main land, and yet the mail boats do not often fail of their trips. The brave and daring men who have charge of these are not easily deterred and they sometimes go when it would seem scarcely worth the while to run the risk.

The Christmas festivities were enjoyed with a keen relish. The children were supplied with gifts and the older people shared with them in the fun and frolic of the occasion. Great credit is due to Rev. Mr. Livermore, Rev. Mr. Wheeler, Rev. George Thomas and others for the successful manner in which these plans were originated and carried out.

The people of the island have great faith in the future and believe that it is to be one of the chief watering places of the nation. Several new hotels are going up and visitors will find, next summer, the accommodations greatly increased. They mean to make room for all who desire to come.

NEW HAMPSHIRE IN THE OLDEN TIME.

The settlement of Concord was nearly one hundred years later than that of Dover, Portsmouth, Hampton, and other sea-coast towns, dating in fact, as late as 1727, and yet old Puritan customs were brought thither from Massachusetts, and long held sway over the people. Everything which had the appearance of levity, even in the beginning of the eighteenth century, was discarded by the Pilgrims. The drinking of healths and the use of tobacco were forbidden, the former being considered a heathenish and idolatrous practice, grounded on libations, the other as a species of intoxication. Laws were instituted to regulate social intercourse between the sexes, and the advances toward matrimony. Pride and ostentation came under the cognizance of the magistrate. Modes of dress, cut of hair, manner of speech, style of speech, style of carriage and bearing, hours of rising in the morning and retiring at night, too rapid driving on the roads, too loud, prolonged or frequent laughter, bad conduct on the Lord's day, and a thousand other things not regarded now as coming under the jurisdiction of the civil magistrate, were made subjects of municipal regulations. Women were forbidden to expose their arms to view. Sleeves of gowns were to reach the wrist, and the neck was to close. Men were required to cut their hair short, so as not to resemble the other sex. No person not worth over two hundred pounds was allowed to wear gold or silver lace, silk hoods, or embroidered scarfs.

The ordinary food of the early settlers here for both breakfast and supper was bean porridge, with bread and butter. On Sunday morning there was coffee in addition. Brown bread made of "rye and Indian," was the staff of life, white bread being used only when guests were present. Baked pumpkins and milk composed a dish said to have been luxurious. For dinner, twice every week, Sundays and Thursdays, baked beans and baked "Indian pudding, the latter being served first; Saturdays, salt fish, one day in every week salt pork and corned beef, and one day, also, roasted meat was the rule.

The ancient dress of the man was a woolen coat, striped woolen frock, tow or leather breeches tied or buckled at the knee, and cowhide shoes with leathern buckskins. Sunday hats were three cornered, kept in a wooden box, and made to last a life-time. The dress of the woman consisted of chemisee, petticoats, tow gowns, tyers, thick woolen stockings and cowhide shoes.

DEATH OF CHARLES TUFTS.

Charles Tufts, the founder of Tufts College, died at his residence on Washington street in Somerville on Sunday morning. He was ninety five years of age, and no other cause than his age is assigned for his death. Mr. Tufts was one of the oldest residents of Somerville, having lived there for more than fifty years. He was a farmer in early life, owning large tracts of land in the town, and from the rise in their value came his wealth. For many years he has scarcely left his home except that, accompanied by his wife, he has each year attended the commencement exercises of Tufts College. He was so deaf that none but his wife could talk with him. Being a firm believer in the Universalist church, he early desired that it should possess a college, and he gave for the founding of the one that now bears his name Walnut Hill and adjacent lands.

Probably few men ever connected with an educational institution knew so little of what a college education meant. His own few school days were spent at the most primitive kind of a country schoolhouse, and while he knew not what a college was expected to teach, he had a kind of instinct, growing out of his devotion to his church, that led him to make his magnificent gift to found the college. He also gave the Somerville Universalist Society the land upon which their church is built. He was a man of marked force and independence of character, and distinguished more for his sterling honesty and uprightness than for any of the graces of social or educational culture. He leaves a wife some twenty-five years his junior, but no children or other relatives nearer than a nephew. His funeral will take place from the Somerville Universalist church next Thursday, and probably Mr. Miner will officiate.—[Boston Transcript.

Truth is a torch, but one of enormous size; so that we try to slink past it in rather a blinking fashion for fear it should burn us.

LOCAL AFFAIRS.

—Goggin will not die this time.

—A boy named Sullivan had his right arm broken coasting on Bowery street Wednesday night.

—The annual festival of Emmanuel Church Sunday school will occur this evening at their chapel.

—Capt. Russel of the Palus, who has been ill for some time will resume command of his boat in a few days.

—The schooner David G. Floyd, Capt. Clifford, of this port, will winter here. She has had a prosperous year.

—Warrants have been served upon John Connery for assaulting Mr. Atleton and Michael Harrington for revelling.

—John West has been arrested on a warrant charging him with abandoning his wife. He will be taken before the justices.

—We hear that the Rogers High School Orchestra has been reorganized under its old leader, Mr. W. F. Marshall. We wish it success.

—The overseer of the poor is having numerous applications for aid. It is a hard winter even in Newport and very many have no employment.

—There will be a Sunday school festival and Christmas tree at the vestry of the United Congregational Church on Spring street this evening.

—The flag on the engine house of Torrent Steam Fire Engine Co. No. 1 is at half mast today in respect to the memory of their late comrade, J. Byron Essex.

—The field musicians of the Newport Artillery Company have received new bugles, and will in future use the instruments with which the United States troops are supplied.

—While F. A. Peckham was on an ox cart loaded with logs Wednesday afternoon he lost his balance and fell to the ground, fracturing his shoulder cap. Dr. Sweet of Providence rendered him surgical assistance.

—Lawton Coggeshall has received from Capt. Thomas Stead, of the repair steamship Prof. Morse, several pieces of Atlantic cable. The first is a piece of a conductor used in deep sea, another of the shore end for deep sea and another is a piece of an intermediate cable used between shore end and deep sea. There is also a piece of the first Atlantic cable which was laid from the United States steamship Niagara. It is a valuable collection and attracts considerable attention.

J. W.—Gilbert Burnham.
S.—John D. Mason.
Treas.—Augustus Goffe.
Janitor—Peleg Fry.

THE LECTURE.

The lecture last night by Prof. A. P. Gage of Boston on the electric telegraph was well attended and was highly instructive and entertaining. The lecturer began by illustrating on the screen the telegraph from its simplest form of a tumbler containing strips of zinc and copper connected by a copper wire, through all its various stages and forms to the perfected telegraph of today. Wires were stretched from the battery on the stage to that in the rear of the house and as the circuit was closed or broken by Prof. Gage its results were seen on the screen. After explaining the processes very clearly he telegraphed the first message ever send over the wires, "What hath God wrought?" and all could see the registry on the screen. After sending several messages in the Morse alphabet, among them the word "Newport," the professor said he would send a message that all could read. He explained the manner of working of the French dial plates, and then telegraphed again the word "Newport," which was readily read by all.

Prof. Gage then gave a very full, clear and interesting history of the electro-magnetic telegraph from its conception by Prof. Morse on board an ocean steamer to the recent discoveries by Prof. Bell, that not only can musical sounds be distinctly transmitted but the human voice can be plainly heard for any number of miles. His review of the life and struggles of Morse and his telegraph, and Field and his cable, of their successive trials and failures, and their indomitable perseverance, though an old story, came in a new light and power to all. The illustrations with the stereopticon were very full and clear.

THE REGULAR ELECTION OF THE OFFICERS OF REDWOOD LODGE, Knights of Pythias, No. 11, took place Wednesday night with the following result:

P. C.—Augustus B. Davis.
C. C.—Daniel P. Bull.
V. C.—Charles H. Langley.
P.—Thomas W. Freeborn.
K. of R. and S.—John W. Alderson.
M. of F.—Frederick A. Pratt.
M. of E.—Frank Mason.
M. of A.—Thos. P. Barber.
Trustees.—John Waters, James Rudolph, Howard Smith.

The newly-elected officers will be installed on Wednesday evening next, by D. D. G. C., Frederick A. Pratt.

THE END IS NOT YET.

CHRISTMAS FESTIVALS OF ZION AND TRINITY CHURCHES, THE CHAPEL OF ST. JOHN THE EVANGELIST AND THE SEAMEN'S BETHEL. DECORATIONS AND GENERAL EXERCISES.

TRINITY AND ST. JOHN THE EVANGELIST.

The Christmas festival of Trinity Church and the Point chapel Sunday schools, the Rev. George J. Magill, pastor, was held last evening at the Aquidneck Assembly Rooms, and was largely attended. The mission scholars were taken to the hall and back in sleighs, having a very enjoyable ride. Shortly after 6 o'clock the scholars of the schools marched into the hall from the dining rooms of the hotel, where they had assembled, singing "Onward, Christian Soldiers," and filed to the seats reserved for them in front of the tree, which presented a beautiful appearance, being finely decorated with candles and numerous presents; the hall also was trimmed with evergreens and flags in a tasteful manner. On each side of the tree was a motto, "Merry Christmas" and "Happy New Year," and in front of the tree was a star beautifully formed of gas jets.

The exercises consisted of carols, versicles and responses, the Lord's prayer, Benedictus, distribution of gifts, and the creed. The carols were well rendered, especially the trio of voices in unison by Misses Susie Griffith, Hattie and Sarah Hammond, the organist of Trinity church, Mr. A. G. Langley, presiding at the piano.

Mr. Magill called out the classes one by one, distributing the gifts to the happy scholars, and it looked as if skaters, sledders, lacrosse players and bands were to receive numerous additions to their numbers. The gifts were appreciated and the beautiful presents were admired by the audience as viewed when taken from the tree and the loaded tables.

The pastor redeemed a promise given the mission school by handing some forty finely bound prayer books to the scholars reported as familiar with the catechism in detail. After the stripping of the tree the scholars marched out singing "Sun of my Soul."

Much credit is due to the superintendents of the schools, Messrs. John H. Cozzens and Edward L. Dockray for the evident order and training of the scholars and the aid given the rector in making the festival creditable to all concerned, and also to the helping hands of many of the two congregations. The duties of the ushers were acceptable to those in attendance.

THE BETHEL.

The Christmas festival at the Seamen's Bethel last evening was a very pleasant occasion. About sixty children, mostly from Long wharf, assembled in the reading room and chapel of the Bethel while thirty or forty adults were also present to kindly assist in the exercises of the evening. The devotional services were led by the Rev. Dr. Malcom. Brief addresses were made by Miss Sarah Carpenter, Capt. Howland, and Dr. Malcom. Coffee and cake were served to both children and adults. Each child was presented with some useful article, together with further refreshments of fruit and confectionery. A number of fine Christmas hymns were sung by the choir of the Second Baptist Church, led by Mr. James L. Hazard with Mr. James Swan as organist. After two hours had passed very happily, the children were dismissed, and volunteered a closing performance by forming in front of the building and giving three cheers for the Bethel.

ZION CHURCH.

At Zion Church last evening the exercises were of a very interesting character. At 6 o'clock the regular Christmas exercises took place. After the opening Christmas carol, "Joyful our Carols Again we Sing," the "Gloria in Excelsis" was finely sung by the choir. After the reading of a selection of Scripture, the carol "Softly they come, a bright and shining throng" was sung. Then followed the reading of the creed and prayers, after which the choir sang "While shepherds watched their flocks by night." The Rev. R. B. Peet of Emmanuel Church delivered a very brief but appropriate address which was listened to with close attention. After the singing of "Stars all bright are beaming" the doxology was sung and the benediction pronounced.

At the close of the service the superintendent of the Sunday school, Mr. Freeborn S. Waite, stepped forward and presented to the rector of the church, Rev. E. H. Kettell, Webster's unabridged dictionary, a carriage and an envelope containing an amount of money. The present was a genuine surprise. Mr. Kettell accepted the presents in a few feeling remarks.

After the exercises in the church the children repaired to the chapel, adjoining the church, where an entertainment was prepared expressly for them. The Newport Band was in attendance and discoursed some excellent music. The children played games and otherwise enjoyed themselves. They were treated to a bountiful collation.

Tonight the industrial school connected with the church will have their Christmas celebration.

CELERY A CURE FOR NERVOUSNESS.

A writer who is familiar with its virtues, says; "I have known many men, and women, too, who, from various causes, had become so much affected by nervousness that when they stretched out their hands they shook like aspen leaves on a windy day, and by a moderate daily use of the blanched footstalks of celery as a salad, they became as strong and steady in limb as other people. I have known others so nervous that the least annoyance put them in a state of agitation, and they were in constant perplexity and fear, who were also specially cured by a moderate daily use of blanched celery as a salad at meal time. I have known others to be cured of palpitation of the heart. Everybody engaged in labor weakening to the nerves should use celery daily in the season, and onions in its stead when not in season. We give it daily to our canary birds, and it cures them of fits: they are little animals with very delicate nerves, easily frightened, and therefore they need such a remedy very much, and the relish with which they take it is a proof that their instinct guides them to eat what is good for them.—[Boston Journal of Chemistry.

One of two things, says the Norristown Herald, must be done right away. Men must stop discussing the political situation on street corners, or boys must quit coasting on the sidewalks. Two men were standing on the corner of Main and De Kalb streets this morning, engaged in a warm controversy, and just as one brought his fist down in his open palm and somewhat excitedly observed "I tell you, this country is rapidly drifting into a military despotism—" a boy on a sled rapidly drifted into his legs and the man rapidly drifted into the gutter, with the "m" of "despotism" on his lips and a look of horror in his eyes. When he got up and assured himself that the back of his head, like the star spangled banner, "was still there," he turned to the other gentleman to inform him that the country might go to Halifax, for all he cared, when he saw the person drifting rapidly down the street. It is pleasure to add that the boy's sled was not damaged by the shock.

POEMS, AND AN ANTI-SLAVERY DRAMA,

By CAROLINE A. ROBBINS,

OF NEWPORT, R. I.

Price in paper, 50c.; in cloth, two styles, $1 and $1.25. For sale by W. A. BARBER, 208 Thames street, and by Miss H. OAVETT, Sherman's wharf.

"Throughout the poems, there is that underlying humanity, that heart and manifestation of sympathy with the weak and unfortunate, so characteristic of her life, an outflow of tender sensibilities vividly portraying the depth of her thoughts. These productions will possess especial interest to the friends of the writer, many of whom will be glad to avail themselves of this opportunity to procure such a souvenir of her genius and worth.—[Newport News.

Is acknowledged by competent judges in the following particulars:

1. It is constructed on the soundest mechanical principles.
2. It is made with the best material by the best workmen.
3. Its wearing surface is more evenly distributed than that of other shuttle machines.
4. It has no harsh jarring motions.
5. It runs much lighter, stiller, and with less wear than other shuttle machines.
6. There is less wear on the needle bar and cam than in other machines.
7. Less motion is given to the shaft, carrying the needle bar and feed than in other machines.
8. The feed is positive, silent and automatic.
9. The length of the stitch is more easily regulated.
10. The needle is more easily threaded. There are no holes for the thread to pass through, but the eye of the needle.
11. There is no wear or strain on the thread to set it firmly in the cloth.
12. It has no objectional levers, no heavy rotary cams, no noisy cog wheels, which are always gumming or breaking.
13. It is so constructed that it can run twice the speed, do double the work and last twice as long a other shuttle machines.

AGRICULTURAL.

A QUEER WAY TO HARDEN BUTTER.

An English butter maker of large experience, who is now on a visit to this country for the purpose of looking over our cheese and butter dairies, gives us the following information concerning a method in practice among the best butter makers in England for rendering butter firm and solid during hot weather: Carbonate of soda and alum are used for the purpose, made into powder. For twenty pounds of butter one teaspoonful of carbonate of soda and one teaspoonful of powdered alum are mingled together at the time of churning and put into the cream. The effect of this powder is to make the butter come firm and solid, and to give it a clean, sweet flavor. It does not enter into the butter, but its action is upon the cream, and it passes off with the buttermilk. The ingredients of the powder should not be mingled together until required to be used, or at the time the cream is in the churn ready for churning.

Johnnie, on being remonstrated with for coasting on the sidewalk and making it dangerous to pedestrians, said "'Tis no worse for 'folks' than for the boys; they have to walk up with their sleds, don't they?"

Value the friendship of him who stands by you in a storm; swarms of insects will surround you in the sunshine.

CHILDREN TEETHING

MRS. WINSLOW'S

SOOTHING SYRUP,

For Children Teething,

greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels,

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to Your Infants.

We have put up and sold this article for years, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation has been used with NEVER FAILING SUCCESS in

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic.

We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PERSONAL PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.

Be sure and call for

"Mrs. Winslow's Soothing Syrup,"

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY.

SOLICITOR OF PATENTS.

For Inventions, Trade Marks or Designs,
No. 70 State St., opp. Kilby St., Boston.

AFTER AN EXTENSIVE PRACTICE of upwards of thirty years, continues to secure patents in the United States; also in Great Britain France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with despatch. Research made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON, Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me over THIRTY Applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." REASONS

WHY YOU SHOULD PREFER TO INSURE

WITH THE OLD

INSURANCE CO. OF NORTH AMERICA

PHILADELPHIA.

1. It is the **Oldest Insurance Company in America,**—having commenced business in 1794—and therefore entitled to your confidence on the score of **Stability.**

2. It has done a **successful business for eighty years,** thereby demonstrating the **ability of its management.**

3. It has uniformly maintained during its long career, the **Highest Reputation for Integrity and Honorable Dealing,** justifying thereby, full faith that your rights will receive fair and liberal protection.

4. It has paid **Losses** in cash, exceeding **Thirty Million Dollars,** without the deduction of a cent, or a day's delay—a sufficient evidence of the **Wealth** of its Resources, as well as disposition to meet promptly all liabilities.

5. It has a **Cash Capital and Surplus** of over **$4,700,000,** securely invested—an ample GUARANTEE AGAINST DISASTER, in the event of unusual and extraordinary losses, which have often swept away companies of limited means.

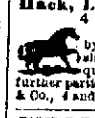

6. It insures all the better classes of property on **Liberal Terms,** for long or short periods, and settles all honest claims for losses, **Promptly** and **Equitably,** at the Agency where the insurance is effected—observing in all its business relations the **Golden Rule.**

WINTER OF

1876 AND 1877.

For sale cheap, as I want to reduce stock.

I HAVE ON HAND and want to sell the following vehicles:

1 extra nice new Two Seated Sleigh made at Albany, lined with crimson plush, with both pole and shafts, just the sleigh to make a Christmas present, and be remembered at every snow storm. 2 second hand Two Seated Sleighs, with pole only. 1 Single Sleigh, second hand. 1 second hand Coupe Carryall in good order and just painted, good serviceable storm carriage and cheap. 1 Brewster Carryall. 1 C Spring Top Phaeton Buggy. 1 Brewster Top Buggy. 2 Phaeton Top Buggy. 1 Open Buggy. 1 Two Seated Open Wagon. 4 Express Wagons. 1 nice Dog cart with reversible seat, pole and shafts, just the carriage to drive 4-in-hand to. 1 very nice new Box Top Buggy. 1 very nice new Basket Top Phaeton, will sell a great deal lower now than in the Spring—makes a good close buggy, or a nice summer carriage. 2 second hand Beach Wagons, cheap. 1 second hand Landau, cheap. 3 Barouches in good order and neatly painted. 1 Victoria with pole and shafts, cheap if sold now. 1 Covered Wagon, will carry 8 people easy. 1 new Express Wagon, cheap as we are giving up selling express wagons. 1 new Road Wagon, just the thing for business or pleasure. 1 Sargent Top Phaeton Buggy, been used but little. 1 Phaeton Top Buggy, one year's use and that with care. 1 second hand Light Dog Cart with shafts. 1 second hand D. ag with seat behind, just the thing for 6 horse team, newly painted and in good order, and several other carriages all of which I shall be glad to sell for cash or paper that will be paid at maturity.

I would say that through the kindness of my friends, I have disposed of about 100 different vehicles the past few years having sold carriages to go to Providence, R. I., Stonington, Ct., Little Rock, Arkansas, Middletown, Portsmouth, Riverton, Fall River, New Hampshire and various other places, all of which have proved as represented. To those having any House Painting, Graining or any other work, that they want done and are willing to pay a fair price to have the same done in a good and substantial manner, I shall be glad to give estimates, and will warrant all work done by me to be in every respect as represented. I return my thanks for the generous patronage which has been bestowed in the past and asked a continuance in the future. To my very numerous friends who have neglected to settle their bills for work done long ago,—if they will now respond by attending to them at once they will confer a great favor, as money is now very useful.

FOR SALE.—Lots suitable for summer residences at Coddington Point. This is one of the most desirable locations in the vicinity of Newport, and affords views of the city, harbor and bay unsurpassed. The Old Colony Railroad has a station here, so that residents from Boston, Fall River, Taunton and other cities in New England can be landed at their own doors. Very eligible lots can be had at ten cents a foot. A house located a short distance from the station, and having a unobstructed water view will be sold very low. This whole property will, in a few years be worth many times its present value. No other such opportunity for investors of capital is presented in this city. TO THE LOVERS of STEREOSCOPIC VIEWS.

THE ATTENTION of the public is invited to the following views from negative by J. A. WILLIAMS, which is believed to be the best and largest collection of the gems of Newport scenery ever offered.

The negatives are all carefully taken with the best materials and instruments and aim to present not merely patches of landscapes from points chosen at random as is the case with many others, but, views which shall combine within themselves all the best elements of a picture in the artistic sense.

We would call particular attention to our new cabinet size views taken the present season, 1876, which exhibit with all the fidelity of the stereoscope.

Parties who may wish to make presents to their friends abroad, or to carry home memento of Newport, cannot make a more acceptable choice than by selecting from the many beautiful views of Newport and surroundings.

HALE'S

HONEY OF HOREHOUND AND TAR

FOR THE CURE OF

Coughs, Colds, Influenza, Hoarseness, Difficult Breathing, and all Affections of the Throat, Bronchial Tubes, and Lungs, leading to Consumption.

This infallible remedy is composed of the HONEY of the plant Horehound, in chemical union with TAR-BALM, extracted from the LIFE PRINCIPLE of the forest tree ABIES BALSAMEA, or Balm of Gilead.

The Honey of Horehound SOOTHES AND SCATTERS all irritations and inflammations, and the Tar-balm CLEANSES AND HEALS the throat and air passages leading to the lungs. FIVE additional ingredients keep the organs cool, moist, and in healthful action. Let no prejudice keep you from trying this great medicine of a famous doctor who has saved thousands of lives by it in his large private practice.

N.B.—The Tar-Balm has no BAD TASTE or smell.
